the destruction of a town and the creation of a masterpiece on april 26 1937 in the late afternoon of a busy market day in the basque town of gernika in northern spain the german luftwaffe began the relentless bombing and machine gunning of buildings and villagers at the request of general francisco franco and his rebel forces three and a half hours later the village lay in ruins its

population decimated this act of terror and unspeakable cruelty the first intentional large scale attack against a nonmilitary target in modern warfare outraged the world and one man in particular pablo picasso the renowned artist an expatriate living in paris reacted immediately to the devastation in his homeland by creating the canvas that would become widely considered one of the greatest artworks of the twentieth century guernica weaving themes of conflict and redemption of the horrors of war and of the power of art to transfigure tragedy russell martin follows this monumental work from its fevered creation through its journey across decades and continents from europe to america and finally and triumphantly to democratic spain full of historical sweep and deeply moving drama picasso s war delivers an unforgettable portrait of a painting the dramatic events that led to its creation and its ongoing power today

one of the problems which face all librarians adding e books to their collections is that of bibliographic control there is no legal deposit for e books and consequently there is no single place from which new titles can be found if this is true of commercially published e books it is most certainly also true of free e books and there are many thousands of free e books available over the internet many of which are of a quality such that librarians might wish to have them in their collections the 2011 guide to free or nearly free e books is offered as a tool for librarians and others involved in book selection e g teachers in schools in all sectors school further and higher education public and special libraries to facilitate easy access to free e books and e book collections which can enhance their digital library

how the principles of biological innovation can help us overcome creative challenges in art business and science in life finds a way biologist andreas wagner reveals the deep symmetry between innovation in biological evolution and human cultural creativity rarely is either a linear climb to perfection instead progress is typically marked by a sequence of peaks plateaus and pitfalls for instance in picasso s forty some iterations of guernica we see the same combination of small steps incessant reshuffling and large almost reckless leaps that characterize the way evolution transformed a dinosaur s grasping claw into a condor s soaring wing by understanding these principles we can also better realize our own creative potential to find new solutions to adversity ultimately life finds a way offers a new framework for the nature of creativity enabling us to better adapt grow and change in art business or science that is in life
